

Note

Personal Trigger

WHY Note?

Note is a lightweight, discreet and visually appealing personal Trigger.

The Note provides the ability to remotely activate a Home Hub unit like the Melody or a Warden Call System like Harmony. The Note is also fully compatible with NCS Symphony ALL IP solution.

The Note uses a communication method making it compatible with the Tunstall Healthcare Ltd[®] range of Lifeline units as well as the Communicall Warden Call Systems.

With a number of wearing options including as a pendant, on the wrist or clipped to clothing, the Note is a truly flexible solution for asking for help when required.

With its stainless steel fittings and high Black Gloss finish the stylish design makes the Note a product that is more likely to be used than traditional looking personal Triggers.

The Note incorporates a Bright LED that flashes to reassure the user of activation and with a waterproof casing, long battery life and large activation area, the Note is a desirable modern and practical Personal Trigger.

It is compatible with existing Tunstall[®] systems.
